Life is better...

Among friends

Life is better...

Among friends

Fort St. John is proud to be able to offer it's seniors a beautiful and secure environment for those who no longer wish to shoulder the burdens and responsibilities of maintaining a home, but still wish to maintain their independence.

Abbeyfield is not a "care home", but a facility which gives you the ability to continue to lead your life your way. The resident house manager will provide you with not only companionship but also with excellent, well-planned meals. Her home cooked meals are prepared in the large kitchen and served in the open and friendly dining area. There is no extra cost for meals as they are included with your accommodation fee. The kitchen is also available to use between mealtimes if you choose to do so.

Abbeyfield is a beautiful, spacious home equipped with 12 private rooms and it also has larger rooms available for couples. Each of these bright and cheerful rooms feature in-floor heating and a half bath to provide for your comfort and privacy.

There is a large, open great room suitable for lounging, on-site activities, or for entertaining guests. If you prefer, you may choose the comfort and solitude of the library (which is stocked frequently from the public library) for your reading or visiting pleasure. We strive to provide a family atmosphere in your new home and your visitors are always welcome.

Abbeyfield is located in a peaceful residential area conveniently close to bus stops and to Fort St. John's extensive walking trails. The basement is fully equipped with lockers and boasts a large open space which may be used for a variety of indoor activities.

Downtown Fort St. John is only minutes away by bus, or you may wish to use your own vehicle as Abbeyfield has parking spots available for residents and visitors alike.

This cost effective living is more affordable than you may think! Call Abbeyfield Houses of Fort St. John 2006 today and set up an appointment for your personal tour!

*Our goal is
"To provide for our
seniors a balance
between privacy,
companionship, security
and independence."*
